## INTRODUCTION

Bulletin 216B provides description and principles of operation for the Send Receive (KSR) and Receive-Only (RO) Teletypewriter Sets and associated component units.

The Bulletin is made up of a group of appropriate independent sections. The sections are complete within themselves; they are separately identified by title and section number and the pages of each section are numbered consecutively, independent of other sections.

The identifying number of a section, a 9-digit number, appears at the top of each page of the section, in the left corner of left-hand pages and the right corner of right-hand pages.

To locate specific information, refer to the table of contents. Find the name of the involved component in column one and the title of the section in column two. The correct 9-digit section number will then be found in column three. The sections are arranged in the order shown in the table of contents. Turn to page one of the section indicated where the contents of that section will be found (except where a section is small and does not require a listing of contents).

## TABLE OF CONTENTS

<u>EQUIPMENT</u>	<u>TITLE</u>	<u>SECTION</u>	<u>ISSUE</u>
Keyboard Send-Receive (KSR) and Receive-Only (RO) Teletypewriter Sets	Description	573-100-100TC	1
Typing Unit	Description and Principles of Operation	573-115-100TC	1
