Re: New MWO & MWO Log Forms
ALL ST-8000A Operations

1. Make two copies of each procedure.
2. Punch all copies (not originals) for 3-hole binder
3. Stamp each page of the copies with "APPROVED MARCH 19 1991".
4. Install two copy sets in 1" Binders. Separator tabs are NOT necessary, but include a front-rear card-protector.
5. Place attached labels on front and edge of binders.
6. Distribute:

ORIGINALS: Configuration Control (GWH)
COPY #1: Configuration Manager (GWH)
COPY #2: Manufacturing Manager (TLS)

G. W. Henry
Configuration Manager
